Japanese Request Brings Open Clash On Subject With U. S. Delegate

(International News Service) GENEVA, May 25.—In a surprise move that once more threatened to deadlock the disarmament conference, Japan launched a sensational plea for virtual naval parity with America and Britain before the general commission of the conference today.

Natsume Sato, Japanese delegate, proposed that a future convention should include a new naval agreement, based on the Japanese proposals advanced last December, and replacing the London and Washington naval treaties.

Under existing treaties the British, American and Japanese navies are on a 5-5-3 ratio.

U. S.-Japan Controversy

GENEVA, May 25.—Japan and the United States clashed openly today for the first time since the disarmament conference began.

The conflict was precipitated by an unexpected new Japanese demand for virtual naval parity with Great Britain and the United States.

As an opening wedge for attaining naval equality with the other two big sea powers, Natsume Sato, of Japan, urged deletion of the article in the present British disarmament plan which binds the signers of the Washington and London naval treaties to the limitations of these pacts.

Norman H. Davis, American ambassador-at-large, voiced immediate opposition to the Japanese proposal.

Public Opinion

He admitted deletion of this particular section of the British arms plan might not necessarily affect actual disarmament, but maintained it would have a deleterious effect upon public opinion.

The United States, he told the conference, is convinced that the Washington and London treaties comprised real limitation of naval arms and therefore constituted a great donation to international peace.

He closed by expressing a hope it (Continued On Page Two)

High School Seniors Observe Class Day

Fun and foolishness gave chase today to staid classroom formality at the senior high school as a merry band of 282 June graduates-to-be celebrated their "class day" with a hilarious chapel program and an afternoon outing at Camp John M. Phillips of the Boy Scouts.

This afternoon the carefree students, with exam tests their smallest thought, are romping in sports of all descriptions at the recreation grounds bordering the cool Slippery Rock.

At Camp for Day

Leaving the high school as their class program closed shortly before noon, the seniors, traveling in cars of their own, will pass the rest of the day there. Dinner will be enjoyed this evening.

Traditional stunts that parade their classmates and faculty alike across the stage of ridicule were indulged in as the morning assembly occurred. Studies were entirely forgotten.

Class President Rex Rowland led the chapel program as master of ceremonies, aided by a host of classmates who entertained the school's seniors and juniors in a manner most commendable. The packed auditorium, numbering nearly 60 (Continued On Page Two)

Innocent Spectators Victims In Gangsters' Battle On Broadway

(International News Service)

NEW YORK, May 25.—Two women and a man, innocent wayfarers, were shot and seriously wounded early today when gangsters converted fashionable Upper Broadway into a battlefield.

Two sedans and a truck, all laden with gunmen, ploughed through Broadway from 81st Street to 84th, just as theatres were emptying the audiences of their midnight shows into the streets, striking panic among the crowds.

Wild Scramble

There was a wild scramble to get back into the theatres and into other sheltering doorways as the gangsters' bullets rained upon the crowds, and flattened against the facades of the buildings.

It was all over in a few minutes. When the gangsters' juggernauts had passed, two women and a man were lying in the street. They were: Miss Irene Savage, 24, and Sadie (Continued On Page Two)

MORGAN PARTNER PROBE WITNESS

Reveals Figures Of Business Of Firm Before Senate Committee Hearing

By WILLIAM K. HUTCHINSON
International News Service Staff Correspondent

WASHINGTON, May 25.—The financial house of J. Pierpont Morgan has offered to the public more than six billion dollars in securities since 1919, George Whitney, a Morgan partner, told the senate banking committee today in the course of an acrimonious hearing which developed frequent disputes between opposing counsel.

The public offerings have been made by Morgan in conjunction with the federal government, according to a statement presented to Whitney. Of the total offered since 1919, there have been retired to date \$2,098,953,400.

No Bond Salesmen

Whitney said his firm employed no bond salesmen and has "never adopted any method of high pressure salesmanship. The securities, he said, were distributed through syndicates or selling groups consisting in the case of large issues of distributing houses."

Three specific issues were revealed as now in default, the bonds of the Florida East Coast, Mobile and Ohio, and Missouri Pacific railroads.

Whitney said his firm purchased and still held some of these. He said the firm's losses in these exceeded all profits from the offerings.

Society Is Agog Over Coming Marriage Of Barbara Hutton Of New York

BARBARA HUTTON AND PRINCE ALEXIS

Society is agog over the approaching wedding of beautiful Barbara Hutton of New York, heiress to one-third of the vast Woolworth tenet store fortune, and Prince Alexis Mdivani of Russia. Formal announcement of the betrothal, which had been rumored for several months, has been made by the parents of the bride-to-be, Mr. and Mrs. Franklin Hutton, who are now abroad. Prince Alexis, who is the brother of Prince David Mdivani, husband of Mae Murray of the screen, and Prince Serge Mdivani, ex-husband of Pola Negri, now the spouse of Mary McCormic, grand opera singer, was divorced last year, in Holland, by the former Louise Astor Van Allen of New York City.

Park Agreement Is Ready For Council

Council will meet formally in city hall Friday and indications are that further steps will be taken toward municipal control of Cascade Park which is owned by the Pennsylvania Power Company.

At last Monday's session, a bill authorizing conveyance by deed of trust of the park to the recreation board was reported favorably from committee and ordered printed.

The bill is expected to come before council for final vote Friday, a

draft of the agreement between the company and the recreation board having been completed today.

The agreement has not yet been approved by legal counsel for both the company and the city. It was prepared by City Solicitor Dobert White.

The agreement is quite voluminous. An outline of the agreement was published recently and before final action on the conveyance is taken by council the contract will be read by the body.

SENATE PROBES TURN TO MORGAN'S PARTNER

Whitney To Be Quizzed For Details Of Banking Transactions

By EDWIN C. HILL
International News Service Staff Correspondent

WASHINGTON, May 25.—It is easier for a camel to go through the eye of a needle than for a rich man these days to escape the probe of a congressional committee. But the olympian Morgan escapes today from the senate banking committee inquisition, at least temporarily.

Ferdinand Pecora, son of a Sicilian immigrant, relentlessly harried the great aristocrat of finance for the better part of three days, but turns now from the grand duke of the princely of Morgan to the nobles of the court in his effort to establish an oligarchy of the money power, or an octopus, which, reached out its tentacles into finance, into business and even into government to establish and maintain its power.

From Mr. Morgan, who returns now to New York to gaze into the beautiful eyes of his cash box, the persistent Pecora extracted very little.

Gain Little Information

The imperial vagueness of the overman of Wall Street—his obviously entirely sincere lack of knowledge about a hundred details so painfully and heatedly sought by the perspiring Pecora—his unruffled composure and invincible joviality—were all too much for Pecora and the committee. It was perfectly obvious that many of the senators could not throw off the habit of years—the habit of instinctive deference to a figure who had symbolized such tremendous power for thirty years, who has in all that time, been a greater power in the government of the country than any one of them.

Details Waved Aside

Throughout his whole ordeal, in a hearing room which boasts not a single acoustic, in a steamy temperature Morgan sat a man distinct and apart from the common crowd and the strife of tongues. The gist of his reply to every question put to him—the inner sense of it—was he accepted with regal composure the thrusts and slashes of Pecora was simply this: "Is it not lawful for me to do what I will with (Continued On Page Two)

General Assembly Of Church Meets In Columbus, Ohio

(International News Service)

COLUMBUS, O., May 25.—The first skirmish of a battle between fundamentalist and modernist factions threatened today to engulf the opening session of the 145th general assembly of the Presbyterian church in the United States here.

As more than 800 official delegates and approximately 700 visitors gathered for the first session of the momentous conference, it was believed almost certain that a test of strength between the two groups would be brought to a show-down this afternoon in the election of a moderator.

McDowell Mentioned

Most prominently mentioned for the post to succeed Rev. Charles W. Kerr of Tulsa, Okla., was Dr. John McDowell, once a breaker boy in a Pennsylvania coal mine and now secretary of the division of church extensions and missions of the board of national missions. Dr. Herbert Booth Smith of Los Angeles, and Dr. William L. McEwan of Pittsburgh, also were prominently mentioned.

Examinations Are Brief; Treasurer W. O. Pitts Hearing 30 This Forenoon

NO APPLICATIONS AT NEW WILMINGTON

Little Testimony In Any Case; Decisions Will Be Announced Before June 1

With 160 applications for beer licenses filed County Treasurer William O. Pitts began today hearings at the county house this morning, 30 cases being heard by noon. Treasurer Pitts was represented by Attorney J. Glenn Berry. All of the applicants were represented by counsel.

Examinations were brief, taking only five or six minutes each. Applicants with three witnesses each were sworn together. The applicant told how long he had lived in the district for which the application was asked, the size of his room, and the nature of his equipment.

He was also asked if he had ever been arrested, and if he has been conducting an orderly place. Where persons of foreign birth were involved, the date of their naturalization was required.

The witnesses were examined as to their knowledge of the place which it was proposed to operate, and the character of the applicants. All of the 30 had good reputations, according to the testimony.

Six Thousand Refugees Are Huddled In American Mission In Tung-show

TOKYO ANNOUNCES ARMISTICE NEAR

By JOHN GOETTE
International News Service Staff Correspondent

PEIPING, May 25.—Japanese troops at dawn today renewed their offensive against Chinese defenders on the Peiping-Tientsin road.

The attack was aimed at capture of the thoroughfare, one of the most important communication lines in north China. Vigorous fighting was reported outside of Tungshow.

Chinese troops were rushed to the scene from a spot northeast of Tungshow to reinforce the front lines. The Peiping garrison continued construction of entrenchments along the city walls in an effort to repel a general Japanese advance.

Japanese guards patrolled the eastern section of Peiping. Japanese civilians sent their belongings to the legation in truckloads for safe keeping.

A visit to the scene of action by this correspondent revealed fierce hostilities still in progress, despite announcement in Tokyo an armistice was to be signed at Miyun today.

Waves of Japanese infantry attacked Chinese entrenchments 15 miles east of Peiping, only to be held back by Chinese rifle fire from the guns of General Sung Chuen-Yuang's 29th division. A mile away the Japanese attacked defense positions at Wuchihou after an intensive bombardment.

A visit to the large properties of the American board of missions at Tungshow revealed 6,000 women and children refugees huddled there. The walled city of Tungshow itself was deserted following a severe Japanese shelling which killed 11 persons in a Mohammedan mosque and damaged its historic drum tower.

Built entirely upon land reclaimed from Lake Michigan and encircling a beautiful mirror-like lagoon, the 86 brilliantly colored, highly modernistic main buildings stand out like an artist's bizarre conception of the future against a present-day backdrop of majestic skyscrapers and verdant parkways.

Within 24 hours after the president's plenipotentiary, Postmaster General James A. Farley, formally opens the exposition at 10 a. m. (C. D. T.) Saturday, 350,000 visitors, equal to the entire population of such cities as Denver, Louisville, St. Paul, Jersey City, Rochester, N. Y., Toledo and Dallas, are expected to pass through the gates.

WAKE UP YOUR LIVER BILE—WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of bile daily and make you feel fresh.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You have a thick, bad taste and your breath is foul. Your skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resist a substitute. 25¢ at all stores. © 301 C. M. Co.

(International News Service) LOS ANGELES, May 25.—His effort to save the life of a fellow executive had ended today in the murder of E. Gall Patterson, 55, business manager and assistant publisher of the Los Angeles Illustrated Daily News.

Enraged when discharged as janitor, Edwin Davis, 58, attacked and wounded J. W. McGuire, 60, purchasing agent of the newspaper.

Patterson heard the noise in the hall, saw Davis shoot McGuire twice and leaped to McGuire's rescue. Davis, whirled, shot and killed Patterson and fled to a street car. Davis was killed and arrested. McGuire, shot through the leg and abdomen, was expected to recover.

INNOCENT SPECTATORS VICTIMS IN GANGSTERS' BATTLE ON BROADWAY

(Continued From Page One)

Fortune, 35, both of fashionable West End Avenue, and Walter O'Donald, of Horrell, N. Y. Miss Savage was shot in the left shoulder, Miss Fortune in the back, and O'Donald in the forehead. The latter two are in critical condition.

The gangsters' cars were abandoned a few blocks from the shooting, where the lead car crashed into a railing. Both were bullet scarred, and the rear seat of one was smeared with blood, indicating that one of the gunmen had been wounded.

Police arrived in time to surround the second of the two cars as it was abandoned. They picked out three men from the crowd and rushed them to the police station. Averaging they had been in the gangster machine. Their names were not revealed. The occupants of the first car, two men, escaped.

Cars In Gun Battle

The first car, which was wrecked against the railing, bore a New York license plate. The other carried New Jersey registration tags.

According to witnesses, the shooting started at 82nd Street, where the cars swung into Broadway. The smaller sedan appeared to be pursued by the larger sedan and a truck. Fire spouted from the windows of both cars, and witnesses said they believed the firing was done by machine-guns. The cars roared down Broadway to 81st Street where the driver of the smaller car spun around and headed back up Broadway, careening wildly.

The car crashed at 84th and was quickly abandoned.

When police arrived they found 11 bullets, five .45 calibre slugs, had pierced the windows and rear of the car. One bullet had bored a neat hole in the glass close beside the driver's seat. The other car was less seriously damaged.

Police were unable immediately to account for the sudden street battle, but believed it was a case of rival gangs fighting it out in the open.

WOODIN-DAVIS UNDER FIRE IN MORGAN PROBE

(Continued From Page One)

their present public positions. Little light was shed on the Davis loan, except that it remains unpaid. But great details were given on the stock sale to Woodin and so many other political leaders.

Woodin Gets Stock.

A letter, written Woodin in February, 1929, by William Ewing, one of J. P.'s partners, furnished a picture of the Morgan method in aiding friends of the firm. Ewing wrote Woodin that he could buy 1,000 shares of Allegheny Corporation common stock at \$20, the exact cost to the Morgan firm. It was selling that date on the market at "from \$35 to \$37 a share."

"There are no strings tied to this stock so you can sell it at any time," wrote Ewing.

The note of friendship was secreted when Ewing concluded with: "We just want you to know that we were thinking of you in connection and thought you might like to have a little of the stock at the same price we are paying for it." Woodin promptly bought the stock.

Both Parties Favored

The Morgan firm played no favorites between leaders in the two major parties. It offered the same stock to such Democrats as John W. Davis, Democracy's standard bearer in 1924, Newton D. Baker, wartime secretary of war, and Senator William Gibbs McAdoo. It made big loans to Norman H. Davis, and E. Brooke Lee, the Maryland leader.

On the other side of the political fence, it sold the cut-rate Allegheny stock to former secretary of the navy Charles Francis Adams, Charles D. Hilles, New York leader; R. B. Mellon, brother of the former secretary of the treasury, former Senator George Wharton Pepper, W. W. Atterbury and Samuel M. Vaulchain, Pennsylvania leaders—all good Republicans. Then it made a nice loan to former vice president Charles G. Dawes.

This lavish distribution of favors was only a starting point. Ferdinand Pecora, dynamic special counsel, told the committee he had evidence of many other stock transactions of a like nature. It was in another real that the firm made its offer to former president Coolidge. The details of which will be spread upon the records within the next few days.

MORGAN COMPANY SECURITY SALES TOTAL \$6 BILLION

the total Morgan offerings since 1919 aggregated \$6,924,444,200.

Classifying them, he said, foreign government bonds and securities of foreign corporations have aggregated about 49 per cent or \$3,853,540,000 have been retained.

Of the remaining \$3,148,902,600 outstanding, he said, approximately 33 per cent were still selling above the original public offering price.

"No investor, who in this period purchased any of these bonds has failed to receive the regular payment of interest at the full rate in U. S. currency or the regular payment of principal when due," Whitney said.

Whitney described the firm's offerings in public utility, industrial company municipal and railroad bonds. He named only the three railroad securities, the Florida East Coast, Mobile & Ohio, and Missouri Pacific, as in default.

The Morgan firm is heartily in favor of publicity, Whitney concluded. He said:

"We are not opposed to, but are heartily in favor of publicity and disclosure of the gross profit or commission paid in respect to all securities offered to the public as it is imposed by the legislation you are now considering."

killed the sales tax a year ago, and who turned it down again in the pending bill, are floundering today.

They are wondering how they are going to increase the already high rates in the intermediate brackets, as they intended to do, in the face of the Morgan disclosures, and in the face of a Republican opposition which for the first time in the 73rd Congress seems organized and determined.

Country Is Speaking

Moreover, the country has begun to speak. Members of congress have been showered with telegraphic and mail protests against increased income tax levies since the rulers of Wall Street admitted in the senate's banking investigation their escape of all federal income taxes at a time when the "little fellow" was groaning under the highest impost in peace-time history.

Nullifies Promises

Washington, May 25.—Japan's insistence upon virtual naval parity with the United States and Great Britain at the present time would tend to nullify all the promises President Roosevelt has made to the world in the way of cooperating to maintain peace, American officials declared today.

Describing as "preposterous" at the present time Japan's proposal at Geneva for revision of existing naval treaties to permit Japan to increase its naval ratio, officials pointed out President Roosevelt's offer of greater cooperation to keep the peace was dependent on drastic disarmament by the rest of the world.

Upon arrival of the guests, tea, dainty cakes, nuts and fancy sandwiches were served. At either end of the table sat Kathryn Mullen and Mildred Thompson who poured. They were assisted by Ruth Ritchie and Helen Kirkwood, each performing their duties to perfection.

Promptly at 4 o'clock, the girls modeled summer frocks, with frills, suits trimmed with fur, the latest in spring coats, hats, purses, gloves and such as worn by the girl of today in the styles now decreed which they made during the past school semester. THEY ARE THEIR BROTHERS' KEEPERS

THE economic depression has its bright sides, strange as that may sound, and one of them is the manner in which it has brought out the good that is in human nature.

This is shown in what has been done for the hungry and the homeless. Statistics for February from agencies in sixty-two cities show that nearly 2,000,000 meals were furnished and over 600,000 nights' lodgings provided for the unfortunate. The extent of this type of service has quadrupled since 1929.

It is to be kept in mind that all this is in addition to the welfare work being done by the various cities, States and the Nation in caring for needy families and the unemployed generally.

There are indications that conditions are showing an improvement in this regard; but in the meantime it is good to know that the great majority of the people are not only willing, but anxious to help the helpless.

AKRON DISASTER PROBE

The naval court of inquiry has concluded its investigation of the destruction of the ship Akron. As was to have been expected, the probe was able to throw little light on the cause or causes of the disaster. The board did charge, though, that "an error in judgment" on the part of Commander Frank C. McCord, who went to his death with the ship, "was a contributory cause" of the disaster.

The "error" was his failure to set a course which would have "kept him in the safe semi-circle" and would have avoided the storm conditions later encountered.

Secretary Swanson and Admiral Pratt, in approving the report, took exception to that part criticizing the commander. They held, and it seems properly so, that the court could not know what information the commander had at hand when he set the course of his ship, and that it should not "assume" that his actions were not justified by the information he had.

It seldom is possible to fix responsibility for such disasters as that of the Akron, or to determine their causes. Formal inquiries, however, have to be made. To attempt to criticize anyone, though, without possessing complete and convincing evidence justifying this ought to be avoided.

The joint congressional committee still has to make its investigation. There is no reason to believe it will be more successful than was the naval board.

THE PRESIDENT AND THE PROFESSORS

Official Washington is said to be all a twitter and a flutter over the circumstances that President Roosevelt takes his advice from a bevy of hand-picked college professors rather than from the big guns of his own Cabinet. To which one might say, if it be true—what of it? The complaint, if there is to be one at this time, should be filed by the Cabinet members and Democratic leaders.

Presidents have always had advisors, some more, some less, for it is a task that bears too heavily upon the mental and physical resources of the individual. It is true that Woodrow Wilson did not like to take advice, but the results might have been better if he had had some professors to advise him. But most of our other Presidents have sought counsel and confirmation from friends and advisors. It is the function of the Cabinet, of course, to assist the President, but he would be an unworthy President, indeed, who declined real assistance because it was not regularly denominated.

The present alarm over President Roosevelt's advisors, a power beyond the Cabinet, is due we dare say to the fact that these are reputed to be pedagogues, educators, theorists. But what is so alarming about this fact? We have tried statesmen. The present crop of politicians is more interested in the distribution of spoils than in statesmanship. We summoned the most puissant captains of industry to the national crisis. They babbled like children in the dark. Lawyers too. Why not try a few schoolmasters?

UNCLAIMED MILLIONS

In view of the conditions which have prevailed during the last four years it would seem that almost anyone who had ready money available would be inquiring about it, especially if it were not producing any income.

Yet the treasurer of the United States recently stated that more than \$38 million dollars due American citizens as principal and interest on matured Liberty bonds and Victory notes remained unclaimed in the treasury.

Many theories are advanced concerning this seeming indifference on the part of holders of these government obligations, each of which may be correct as to certain portions of the large sum involved.

Some of these bonds and notes have doubtless been destroyed by fire or otherwise, others have been laid away and forgotten; still other holders do not know that their securities have been called for redemption, while some know they can get their money but prefer to leave it with Uncle Sam.

It has been rumored that a good many purchasers of Liberty bonds thought they were simply donating the amount paid to help the country win the war, and at least one case is known in which the holder of a Liberty bond inquired of the treasury to find out when he must pay interest on it.

Whatever the reason for not presenting these bonds and notes for payment, the government is not doing the worrying. If no claim is made for any amounts due, the treasury is in just that much.

Most of us are "giving until it hurts," but, as a rule, we bruise so easily.

It's hard to tell who won the war, but there isn't much doubt, any longer, as to who lost it.

An alibi is like a jewsharp. You can have the best one that ever was and who wants to hear it?

You can tell the lands where the depression is worst. The doctors write testimonials for American magazine ads.

A solemn thought for you serious thinkers: It takes 10,000 years to build a coral reef and it's no good after it's built.

A daylight-saver says this kind of economy is very wearing. He can't start a party till dark, so he gets to bed later and then has to get up earlier.

IMPROVING THE HOME

You may be the owner of home property which lends itself to plans for great improvement; but unwilling to do the work that will bring out its good points.

The object of hiring it done, thinking the family should do it. Why the family, if you do not do your part toward the general effect? If you would show more interest, backed by your own physical labor, perhaps you could make your family become enthusiastic.

When the whole family works on the home site there is more incentive for each one to do something. It's all very fine for you to praise what others have done, as you proudly show your friends the attractions of your property, but it would be more to the point if you would show a spirit of cooperation in such matters.

You have done very little personally to bring about the beauty of it. The family have every right to feel that they have been imposed upon.

If the head of the family is a shirker, that spirit is communicated to all connected with the establishment.

If the head is a hustler, and capable of inspiring enthusiasm, the others are quite likely to drink in the proper spirit.

A BANKER'S LOT

The self-same man who long ago

Loud grumbled at the banker's:

"No!"

Now whimpers through today's distress

Because too often he said: "Yes!"

In times departed oft we'd cry:

"The banker has a fishy eye!"

It makes no difference how we plead.

He will not lend the cash we need."

But now to our dismay we find

The banker oft has been too kind.

Today he's everywhere abused

For loans which should have been refused.

We used to quit him with a frown

The mornings when he turned us down.

Now epithets at him we throw

For saying "yes" instead of "no."

A sorry life the banker leads.

There's little glory in his deeds.

When he says "no," the people curse;

When he says "yes," it's even worse.

"Are you getting a divorce?" inquired the reporter with the big ear.

"No," said the girl, "but if my husband knew about this he would divorce me and I wouldn't rate any alimony and we Ziegfeld girls simply must live!"

Indiana Suspect Denies Slaying Of Young Girl

James Ryan, 59, Denies Killing Of Little Two-Year Old Mary James

CHILD'S BODY FOUND IN SWAMP

(International News Service)
GARY, Ind., May 25.—After hours of police questioning James Ryan, 59 years old, today denied all knowledge of the murder of two-year-old Mary James, whose crushed form was found in a swamp a half mile from her home.

Arrested in a box car near where the child's body was found, Ryan stoutly maintained his innocence but told police he had escaped from an asylum on Long Island, N. Y., in 1911 and from the Elgin (Ill.) insane hospital in 1923.
The girl at first was believed to have wandered into the swamp and drowned, but medical examination showed she had been beaten to death with a rock. Police believe the assailant was a mental defective who killed the child when she cried.

Owner Of Erie Milk Plant Requests Protection Of State Police

(International News Service)
EDINBORO, Pa., May 25.—Police and county authorities today were preparing to combat new threats of violence today as Erie county's milk war gained ground on new fronts.
Harvey Spath, owner of an Erie milk plant, has requested state police protection. Milk destined for his consumption was dumped yesterday near here when 40 men stopped a truck and poured 200 gallons of milk into ditches.
Spath blamed the attack on his refusal to follow recent retail price advances from six to eight cents a quart. He informed police that he had been warned that his trucks would be wrecked and his life endangered if he did not raise his prices on milk.

Steel Industry Showing Gain

Particularly Notable Gain
In Production Of Steel
During April And May

(International News Service)
WASHINGTON, May 25—High prices and increased industrial activity featured the business situation in April and the first three weeks of May, with a particularly notable gain in the production of steel mills, the federal reserve board announced today.

The industrial production index increased from 60 per cent of the 1923-1925 average in April to 67 per cent in May. That was four per cent higher than a year ago and a nine per cent gain since the low point in July 1932.

Activity at steel mills increased from 15 per cent of capacity in March to 25 per cent in April in response chiefly to heavier demands from automobile producers and miscellaneous sources. There was a still further advance during the first three weeks of May. The demand for steel from the railroad and construction industries was still at low levels.

Prefer Charges In Alleged Theft Of Flour Order Cards

Three Are Under Arrest For Alleged Relief Swindle Attempt Here

Two negroes and a white man, believed by the authorities to be implicated in the theft of poor order cards from the office of Director of the Poor M. B. Hogue a short time ago, and which cards they were using in getting flour from the Red Cross supply at Carnegie auditorium, were apprehended this morning through the efforts of Anson McCracken, caretaker in charge of the flour, and police officers.

The men under arrest are Ernest Russell, white, who presented two of the cards for flour this morning; Henry Dunlap, negro, whom the authorities believe stole the cards, and Arthur Mosby, negro, who used one of the cards recently in getting a sack of flour.

When Russell presented two cards for flour this morning, they were found to be from the cards stolen and Anson McCracken held him until officers could arrive. Russell claimed Henry Dunlap had sent him with the cards.

The home of Dunlap, 807 Moravia street, was visited and officers found two more cards filled out in the name of others, and 19 cards in the coat pocket of Dunlap, which had not yet been filled out. He denied any knowledge of how they came to be there. Mosby was picked up later as having passed one of the cards a few days ago. About a hundred of the cards in all were stolen.

Charges have been preferred against the three men at the office of Alderman W. J. Ewing by M. B. Hogue, director of the poor.

GAME HUNT AT Y FRUSTRATED!

Because one of the Y. W. C. A. staff members believes, like Frank Buck, that animals should be brought back alive, no mouse trap has yet been set for the little fellow who is romping around the International Institute office of the "Y."

The mouse appeared this morning and caused considerable excitement. The office secretary, a news reporter, Girl Reserve secretary and janitor rushed at the mouse with brooms and an umbrella. All four tracks of the road were blocked and wrecking crews from Harrisburg, Altoona and Lewistown were rushed to the scene of the accident.

According to Engineer O. B. Blizard and Conductor L. E. Rhean, both Harrisburg residents, no one was injured.

The cars smashed up at Wall, an intersecting station near Denholm, the train crew reported.

Coal Rates Are Not Unreasonable

(International News Service)
WASHINGTON, May 25—The interstate commerce commission today held that freight rates on bituminous coal from the Clearfield, Westmoreland, Pittsburgh, Cumberland, Piedmont and Myrdsdale districts in Pennsylvania, and rates on anthracite from Pennsylvania districts to Burnside, Conn., are not unreasonable.

It held, however, that the rates were unduly prejudicial to the extent they exceed the rates maintained to East Hartford, Conn.

Negro Woman Is Wounded By Shot

Police Hold George Rice, Negro, On Charge Of Shooting Her

Mrs. Mary Blunt, negress of 1003 Moravia street, is in the New Castle Hospital, with a bullet wound in her left hip, sustained about 7 o'clock this morning, when her common law husband, George Rice, a negro barber in a jealous fit of rage shot at her three times with a thirty two calibre revolver.

Rice attempted to run away after the shooting and also gave the revolver to a friend, but was apprehended on East Home street by Officer William Walls, who also recovered the revolver.

The gun was the property of Levi Baird, proprietor of a barber shop where Rice was employed. According to the admission of Rice he broke into a case at the barbershop last midnight and stole the gun.

The shooting occurred in the kitchen of the home of Mrs. Blunt and Rice.

Look Over Cascade Park; Plan Changes

Members of council, accompanied by Thomas Blake and Maurice Markley of the park commission yesterday visited Cascade park for the purpose of ascertaining what may be accomplished there this summer. The city has indicated it will take over the park formally Friday. It is to be opened Memorial Day.

The journey to the park was made by automobile over the southern right of way of the New Castle street railway. The route is in good condition. However, before it is probable that gravel will be placed on the roadbed. Posts stationed at different points must be moved. It has been pointed out that this roadbed could be used as a route through the park to East Washington street. However, it will be principally for park travel. No trucks will be allowed to use the road and a certain mileage will be stipulated, it was indicated by officials.

It is believed that in time the embankment on the left side of the roadbed coursing along Cascade park, will be dug back and a parking place made for automobiles, owners of which wish to use or enjoy the lake at the park. According to officials of the park, all the gravel needed for the pathway of the lower park route could be had from this embankment.

The bathhouse at the upper end of the lake would be converted into a shelter in case of rain. A new bridge will probably be built across the stream at the grove.

It is indicated that the amusements which are considered too near East Washington street will be removed to other points in the park. Under present plans the hope of city council and the park commis-

sion is to arrange a road so that it will be possible to drive through the park.

In time it is hoped that the state will take over this road, they declared yesterday. The owners of the park would have to dedicate the road for public travel.

All of the concessions hope to get their concessions in condition for operation Tuesday.

It is expected that the city officials will send a large new city ordinance to Cascade park today. They will work under the direction of the park commission, a majority of whom were yesterday named by the city council.

Reception Held For New Members At Croton Church

Program Is Carried Out Last Evening, Welcoming New-comers To Church

With a large number of the members of the congregation present, despite the inclement weather, the reception for new members of the Croton M. E. church, held last evening proved an enjoyable affair.

Kenahan, for the official board; Mrs. Jessie Nolan, for the church units; Mrs. Thomas Armstrong for the women's missionary societies; Leone Nolan, for the Fuller circle.

Clayton Cranmer responded for the younger members who were recently received into the church, while Charles E. Allen responded for the older members.

In addition to these short talks, a musical program was interspersed, which included a trombone duet by Rodney Williams and Tony Gaiazza; vocal duet by Jennima Shuler and Gladys Thompson; soprano solo by Mrs. June Bernard, and an anthem by the choir.

Following the program, all repaired to the basement auditorium, where refreshments were served by the church units.

Can't Charge For Filing Tax Liens

Ruling On Law Affects Many Delinquent Property Owners

SHARON, Pa., May 25—Investigations launched by County Commissioners Harry Gibson and City Councilman Jacob Goldberg today revealed that thousands of taxpayers in the city and county will not have to pay the charge of \$1 for the filing of delinquent tax liens against their properties. In Sharon alone 2,800 liens were filed recently and the number for the entire county will total several thousand more.

The filing charge, which the tax-collecting bodies had been informed was necessary under the state laws resulted in much opposition to the filing of the Sharon liens. Even with the charge it was decided that the plan was the best of any of several which were offered.

Gibson and Goldberg taking up the matter in the interest of the taxpayers, employed counsel to study the state statutes and the attorneys today announced that there is no law that will permit a filing charge. As a result, County Treasurer Geo. W. Lawrence, in whose office the liens are listed will be instructed by the commissioners to make no charge, Gibson said.

Women Of St. John's Have Anniversary

Former Pastors Of Church Visit When Missionary Society Celebrates Birthday

The auditorium of St. John's Lutheran church was filled to capacity Tuesday evening when the members of the Women's Missionary Society observed the twenty-fifth anniversary of the organization of the society and every detail of the program was in keeping with the activities of the organization.

Mrs. Edna Wood, president of the society, opened the service and welcomed the audience, after which an impressive memorial service was held to honor the memories of the deceased members: Miss Hulda Peterson, Mrs. Mary Urban, Mrs. Margaret Forsythe, Mrs. H. J. McConnell, Mrs. Peter Riffer, Mrs. William Gilbert, Mrs. S. H. Gilbert, Mrs. John B. Steele, Mrs. William Briggs, Miss Elizabeth Treser, Mrs. H. H. Gilliland, Mrs. William Kocher and Mrs. Sarah Stimpel. The memorial opened by a vocal number by Mrs. Ben Agnew, followed by a reading by Mrs. Herman Hess, "Death," the members of the Catharine Von Bora Missionary Society placed the flowers and this part of the program closed with a quartet: Mrs. Ben Agnew, Mrs. Milo Steele, David Jones and George Westlake, singing "Crossing the Bar."

The second part of the program depicted the activities and interests of the society, with Mrs. F. J. Rawle, a charter member, giving a most entertaining and cleverly arranged history of the society, bringing it from its birth, with thirteen original members, to the present large membership. Four of the charter members are still active in the society: Mrs. Henry Elise, Mrs. E. L. Gibson, Miss Elizabeth Hess and Mrs. F. J. Rawle, the last three being sisters. Visitors Present.

An especially pleasant feature of the evening was the presence of former pastors of the congregation and their wives: the Rev. J. H. Miller and Mrs. Miller of Irwin, and the Rev. Henry J. Behrens and Mrs. Behrens.

Mrs. Miller was the organizer of the society and her message of greetings was most appropriate. Mrs. Behrens, who was also active in the work, brought her greetings from St. Paul's church; Mrs. A. L. Whitacre brought greetings from Bethany; Mrs. L. A. Haug, treasurer of the Conference Society, brought greetings as did Mrs. Lottie Dyson, president of the Catharine Von Bora Society. Many letters were read from former members and friends. Rev. Behrens and Rev. Miller brought greetings as former pastors: Rev. A. M. Stump, pastor of St. Paul's, and Rev. F. E. Stump, pastor of St. John's, also took part in the program.

David Jones and Andrew Vikali had a vocal duet and the closing feature of the program was a colorful presentation of the work of the society in its different fields; Betty

Wooding and Esther Trent sang "Sweet Is The Work" and a candle procession of twenty-five members of the society warmed and each placed a candle in the large emblem, which was used as a background.

A delightful social hour followed, under the direction of the social committee. The appointments of the tea table were carried out in silver, with Mrs. William Kleckner and Mrs. Sophia Dale pouring, while the serving was in charge of Mrs. John Baer, Mrs. William Mitchell, Mrs. Earl Keefer, Mrs. D. J. Samuels, Mrs. George Wooding and Mrs. Emory Wolf.

The Kleckner family orchestra played during the social period and the program was arranged by Miss Mary Riffer, in conjunction with Miss Emma Thompson and Mrs. C. W. Herman Hess.

Favored Customers Of Morgan Revealed

By WILLIAM K. HUTCHINSON
International News Service Staff Correspondent

WASHINGTON, May 25.—A Confidential list of J. P. Morgan's favored customers—those who were given preferential treatment in the purchase of Morgan securities—provided a sensation Wednesday afternoon in the senate's banking investigation.

Persons high up in political and business life were contained in the list, including Secretary of the Treasury William H. Woodin, and Senator William Gibbs McAdoo of California. McAdoo is a former secretary of the treasury and is a member of the senate banking committee before which Morgan is appearing.

Others included were former secretary of the Navy Charles Francis

Adams, former secretary of War Newton D. Baker, R. B. Mellon, a brother of the former secretary of the treasury; John J. Roskoff, Owen D. Young and a host of business leaders.

The "ground floor" list followed earlier introduction of a list of commercial bankers, who were borrowers from the Morgan firm for amounts running into many millions. This list included Norman H. Davis, America's roving ambassador in European conferences and ex-vice president Charles G. Dawes.

Both lists were given the committee and made public over the objections of Morgan and his partners.

The Morgan firm disposed of 1,250,000 shares of stock in the Allegheny corporation to its list of favored customers. They were allowed to buy the stock from Morgan at

cost and the market price promptly doubled.

Morgan returned to the stand as the hearing opened. Pecora asked him to identify the list of "preferred customers."

The Allegheny Corporation was organized to take over stocks of railroads and industries. It was one of the two great holding corporations in which Morgan has tremendous holdings.

BAN IS HELD LEGAL

MERCER, Pa., May 25.—Judge J. A. McLaughry filed an opinion today in the Grove City injunction hearing dissolving the preliminary injunction granted three Grove City beer retailers restraining the enforcement of a city ordinance prohibiting the sale of 3.2 beer in the borough.

The ordinance became effective April 21. Dissolution of the injunction makes possible the enforcement of the ordinance, attorneys say. The ordinance was passed following the legalizing of beer. It prohibits sale in the borough, providing a penalty of \$100 fine for violation.

MOONEY CASE TO BE TAKEN TO SUPREME COURT

Move To Free Mooney Pushed

Perfunctory Acquittal Ends What Was To Have Been Second Trial

ALSO TO PRESENT NEW PARDON PLEA

(International News Service) SAN FRANCISCO, May 25.—The internationally famous Tom Mooney legal drama, after another spectacular episode in the California courts, today was billed for the "top spot" in America—Washington, D. C., and the United States supreme court.

Frank P. Walsh, New York lawyer and chief of Mooney's defense battery, was on his way east by airplane to prepare the way for the Mooney case to be presented before the highest tribunal in another effort to free Mooney from San Quentin prison, where he is serving a life sentence for participation in the 1916 Preparedness Day bombing horror here.

Another Pardon Plea. And as an auxiliary enterprise, another application for a pardon will be presented to Gov. James Rolph, Jr., according to Mooney's attorneys. But this would seem more in the nature of a gesture, as Rolph, as well as the other California governors since Mooney's conviction, has turned thumbs down already on a pardon.

Walsh apparently is headed for a conference with Attorney John F. Finerty of Washington, with whom he talked by telephone before departing from San Francisco last night. After the conversation, Walsh and Leo Gallagher, also of Mooney's staff, issued a statement that Mooney will seek a writ of habeas corpus from the high court, based upon his perfunctory acquittal on a murder charge here yesterday and the consequent allegation that he is being imprisoned in violation of the federal constitution.

Verdict Formality. SAN FRANCISCO, May 25.—Tom Mooney was not guilty of the Preparedness Day bombing murders, a San Francisco jury solemnly decided late Wednesday. Ten minutes later Mooney was en route to San Quentin to continue serving a life sentence for that very crime. Wednesday's jury verdict was a mere formality. Assistant District Attorney William W. Murphy waited only for a jury to be sworn before announcing that the prosecution had no evidence to offer. He then moved that Superior Judge Louis H. Ward advise the jury to acquit Mooney. The judge announced that he had no alternative under the law. Then Mooney, announcing he would act as his own attorney, pleaded for a complete trial.

Couzens Bulkley Costigan Fletcher Norbeck Glass Townsend

Not since the time nearly 40 years ago, when J. P. Morgan, the elder, was the central figure in the famous Pujo investigation of the "money trust", has a Morgan appeared before a committee of congress. This fact has lent additional drama to the presence of John Pierpont Morgan, head of the powerful House of Morgan, before the senate committee investigating banking practices. Seven senators comprise the judge and jury sitting, in Washington, during the testimony of Morgan and other prominent financiers. The judge is Senator Duncan W. Fletcher of Florida, chairman of the committee; the jurors are Senators James S. Couzens of Michigan, Carter Glass of Virginia, Robert J. Bulkley of Ohio, Edwin P. Costigan of Colorado, Peter Norbeck of South Dakota, and John G. Townsend of Delaware. Townsend, Couzens and Norbeck are Republicans.

Coolidge Was Among Favored

Late Calvin Coolidge Was On "Favored Customer" List By J. P. Morgan Firm

(International News Service)
WASHINGTON, May 25.—Former President Calvin Coolidge was offered 3,000 shares of Standard Brands Inc., stock by J. P. Morgan and Co., it was disclosed today at the senate banking inquiry. The former president was one of a new list of favored clients of the house of Morgan, given opportunity to purchase profitable securities at cut rate prices. The new list of Morgan favorites included Bernard M. Baruch, Norman H. Davis, the special Roosevelt envoy in Europe, Gen. John J. Pershing, John J. Raskob, former Democratic national chairman, Secretary of the Treasury William H. Woodin and others who appeared on the Allegheny Corp. list.

Suggested By Cochran
Ferdinand Pecora, committee counsel, asked George Whitney, a Morgan partner: "who suggested Calvin Coolidge?" "I should assume that it was on the suggestion of Mr. Thomas Cochran," said Whitney. "He was a very personal friend of Mr. Coolidge and was one of our clients."

"When was this?" "It was in July, 1929." This four months after Mr. Coolidge left the white house. Whitney said the standard brands stock presented a cost of \$32 a share to the Morgan firm, and that this was the figure which it was offered to the "favored customers."

The stock opened on the Exchange Sept. 6, 1929, Pecora observed. The opening price was \$40 and 7-8, and three days later was \$43 and 7-8 Pecora added and Whitney agreed.

'Forest Army' Outranks Entire
Spanish-American War
Army, Shown

By June 7 President Roosevelt's giant Civilian Conservation Corps—numbering more than 274,000 American youths—will be undergoing the hardening process in preparation for transfer to forest camps, while July 1 will find them settled for six months in timber country.

The task of mobilizing the boys, the U. S. Army reports, was greater in scope and point of numbers than was the full mobilization of military personnel for the Spanish-American war. In that conflict 57,329 regulars and 223,235 volunteers were engaged.

The quota of the "forest army" allotted to the Third Corps area, our area, is 28,750 plus such numbers of world war veterans as may be enrolled under the President's offer of forestry jobs to 25,000 veterans.

By the beginning of this week, May 22, 39 working camps had been established in the Third Corps area, involving 46 regular officers and 88 reserve officers, 165 enlisted men and approximately 7,000 civilian conservation members.

Pennsylvania has been allotted 59 forest work camps as a part of the 85 which the Third Corps area may establish. Maryland and Virginia comprise the rest of the area.

Kiwanians Honor G. A. R. Veterans

Eight Of Lawrence County's
Old Soldiers Share An-
nual Dinner

M'CASLIN SAYS U. S.
NEEDS THEIR FAITH

Eight of Lawrence county's life-long comrades—the Grand Army of the Republic veterans—occupied "chairs of honor" at the Kiwanis club yesterday as the club held its annual dinner for them. The luncheon occurred in The Castleton.

Proclaiming that America, face to face with trying domestic and world problems, will profit greatly if she absorbs some of the faith, courage, hope and energy of these Grand Army of the Republic men, Attorney Wylie McCaslin, delivering the Memorial season address said that "it's how our lives honor them, not what we say in honor of them, that concerns them most."

"Our problems today are different than theirs—than yours" Attorney McCaslin continued, turning quickly to face the veterans. "They are difficult as were yours—we've a great need for your courage."

As the Kiwanians listened attentively as did the honored soldiers of another day, they heard the speaker say:

"I wonder if our high resolves on Memorial Day occasions don't sometimes turn to dust. We observe it patriotically as we should, but then do we live the memorial spirit throughout the year as we should?"

Declaring that the preservation of our union was settled once and for all by the Civil war, Mr. McCaslin interjected the thought that "those forces who resent authority, those who resent government—certain groups—still remain with us."

He sounded the warning that government must remain orderly or disorderly or perish.

Commander D. M. Clark, Mt. Jackson, head of Lawrence county's G. A. R. Post No. 100 called upon by President N. E. Clark to introduce his fellow comrades, thanked the Kiwanians briefly as he arose. Silence fell as Mr. Clark told them "we're thankful for their help."

Comrades who were guests of the day included A. R. Kerr, J. B. Caldwell, R. H. Wilson, H. G. Sharp, New Wilmington; I. H. Cooper, New Wilmington; M. H. Alexander and J. B. Hasson besides Mr. Clark. Each stood as they were introduced.

Patriotic songs led by Samuel Lewis were sung by the club, as the program opened by the singing of the "Star Spangled Banner" adjourned the meeting.

Attorney Gilbert Long introduced the day's speaker.

Predicts That Retailers Will See 1933 Profit

President Of Sears, Roebuck
And Company, Returns
From Europe, With
Statement

(International News Service)
CHICAGO, May 25.—Most retail-
ers in the United States will make
a profit for 1933, Gen. Robert E.
Wood, president of Sears-Roebuck &
Company, predicted Wednesday in
his first interview since returning
from a European tour.

If the United States and England
reach an agreement on a proper
basis for this country at the forth-
coming economic conference, Gen-
eral Wood believes it will insure
prosperity's return.

General Wood expressed himself
as highly in favor of revaluing the
dollar and recalled that men in
whom he has confidence believe the
dollar should be stabilized at be-
tween 66 and 75 cents, as compared
with its present gold value of ap-
proximately 86.5 cents.

Muskrat Farm Covers An Acre

Slippery Rock Man Has Hobby
That Nets Him Profit

SLIPPERY ROCK, Pa., May 25.
—"Raising muskrats is my hobby,"
said F. X. Korherr, the college bak-
er, when he was interviewed recent-
ly about the muskrat farm which
he owns with Hugh Bard and Frank
Bingham, merchants of Slippery
Rock.

The farm covers about an acre of
land and is enclosed by a wire fence
which is six feet high and which ex-
tends eighteen inches underground.
The land is adapted to the raising of
muskrats, for it is swampy and has
running water in it.

"One of the largest muskrats on
the place was found dead when I
visited the muskrat farm last week,"
said Mr. Korherr. "Its throat was
badly mutilated; it may have been
killed in a fight with a mink which
might have got into the enclosure in
some way."

Eight sheet iron pens which are
ten feet square and three feet high
contain the breeding boxes.

One male is mated with three fe-
males and from four to six litters
are produced annually.

"Food is taken to the farm about
once a month," Mr. Korherr ex-
plained. "Muskrats like to eat ar-
tichokes better than anything else.
They also like clover, corn, buck-
wheat, alfalfa, carrots, parsnips, and
cat-tails."

"In order to protect the animals
from hawks and owls traps are
placed on high poles at different
places in the enclosure. Some time
ago a horned owl was caught. Mr.
Bingham had the bird mounted and
placed on display in the hardware
store," concluded Mr. Korherr.

Union High Grid Card Announced

Coach David M. Boyd Announces Ten Game Schedule For Union High

Will Play New Castle High Oct. 6; Renew Relations With Ellwood

Coach David M. Boyd of Union High School announced today the 1933 Union High football schedule. The program calls for ten games this fall. Five of the games on the schedule will be played in New Castle. New Castle High will be met at Taggart Field on October 6 in a night game. Freedom and Youngstown East have been dropped from the schedule. Football relations will be resumed with Ellwood City High, on September 16 at Ellwood City this being the opening game of the season.

The second game for Union will find Coach Boyd and his boys down at Evans City. The third game will likely be with St. Veronica Catholic High of Ambridge, but this game is pending. This is a new school on the Union card. Ellwood City is also a new team on the Union card.

The fourth game is with New Castle High's famed "Red Hurricane" at Taggart Field. The fifth game will find Grove City High at New Castle for a gruelling tilt. The sixth game takes Union to Mars, Pa. Zelenople at New Castle will be the seventh game. Bessemer at New Castle is the eighth game, and Shenango High another County rival will be number nine and will be played at New Castle. Sandy Lake High is the tenth team and will be met at Sandy Lake.

Coach Boyd is more than pleased with the outlook this fall. With five weeks of spring training under their belts, the Unionites have a fairly good foundation of what the game is all about, and Boyd has a good idea of what kind of material he will have this year. Walter George is the captain of this year's team and will be playing either on the line or in the backfield. Several of the Union stars of last year will graduate and Coach Boyd will have a task ahead of him to fill their shoes.

Several promising candidates reported for the spring training and the outlook at Union for a winning team is very bright. Boyd's biggest worry this fall will be the selecting of a capable backfield. The Union line is always up to snuff, but the offensive drive has been weak since the graduation of Jaworski, Augustyn, and others. Coach Boyd hopes that his backfield men develop a lot of speed and cleverness this summer.

At Taggart Field
Through the courtesy of the New Castle School Board, Union High will use Taggart Field for two of its big games this fall, but just what two games will be played at the stadium is not known at the present time. It is thought likely that Grove City and possibly either

Bessemer or Shenango will be the teams chosen to play in the stadium. Following is the completed 1933 football program that was announced by Boyd today:
Sept. 16—Ellwood at Ellwood City
Sept. 23—Evans City at Evans City
Sept. 30—St. Veronica High, pending
Oct. 6—New Castle High at New Castle
Oct. 14—Grove City at New Castle
Oct. 21—Mars High at Mars
Oct. 28—Zelenople at New Castle
Nov. 4—Bessemer High at New Castle
Nov. 11—Shenango High at New Castle
Nov. 17—Sandy Lake at Sandy Lake

Westminster Spring Intramural Games Attract Large Crowd Of Students

(Special To The News)
NEW WILMINGTON, Pa., May 25.—Sports contests at Westminster College are about over for the college year. The last events, sponsored by the Y. M. C. A. and the Y. W. C. A., will take place on June 2, at which time tennis, basketball, and volleyball roundrobin will be run off.

The regular intra-mural sports program for men ends this week. The spring program, designed to attract all men students, included two tennis leagues, a basketball league, a volleyball league, a track league, and a relay league. Women students have been competing in inter-class basketball.

Honors in the various leagues are shared by Theta Upsilon Omega and Delta Phi Sigma fraternities. Theta Upsilon Omega won the inter-fraternity track meet and the inter-fraternity basketball league title. The Theta Upsilon Omega team also captured both the "A" and the "B" league tennis titles.

Physical Director Henry T. MacNicholas has a map to chalk up their mileage after every swim. One lap of the Y pool is one mile—the river swim is 800 miles long. All of the entrants have passed the Ohio and Beaver river point, while most of them are grouped together away in the Wheeling, W. Va., area by now. Others are even nearer St. Louis.

A marathon is what the race really amounts to, although the swimming is done indoors and not outdoors. "A contestant may stop at any time to rest," Physical Director MacNicholas explained. "But they must swim the laps to record a mile."

The indoor event is one of a number of features planned for the girls' and women's swimming classes this year. Bridges Gives Only One-Hit

Joey Kuhel, Of Washington, Spoils Perfect Game For Detroit Flinger

PIRATES UPSET DODGERS AGAIN

By LES CONKLIN
International News Service Sports Writer

NEW YORK, May 25.—The doubtful distinction of being the champion hard-luck pitcher of the major leagues goes to Tommy Bridges of Detroit.

For the third time in two years and the second time this season, Tennessee Tommy missed a no-hit game by a margin of one wallop yesterday when Joe Kuhel of the Senators nipped him for a home run over the right field fence in the eighth inning. That was Washington's only hit, while Detroit touched Professor Monte Weaver for ten blows and won 3 to 1.

Hopes Blasted
Washington ball players have thrice blasted Tommy's bid for a seat in the hall of fame. Last year he held the Senators hitless until two were out in the ninth inning, when Dave Harris, a pinch hitter, singled. Last month he held the Browns hitless until the eighth inning when Sam West, a former Senator, singled with the only St. Louis hit of the game.

Silas Johnson of Cincinnati also has pitched two one-hitters this year but in both cases the blow came early in the game, in the second inning. The defeat dropped Washington into third place, below the idle White Sox. Five clubs are in the thick of the American league race, the fifth place Cleveland team being only 3½ games behind the leading Yankees.

Athletics Advance
The fourth place Athletics advanced to within half a game of Washington by drubbing St. Louis 7 to 4 for their sixth victory in succession. Mickey Cochrane's double with the bases loaded in the fifth won the game, which was held to six innings by rain, but the real fireworks came a few minutes later when a lightning bolt started a fire in the Shibe park right field stand.

Rain extinguished the fire and Lefty Grove, summoned from the bullpen for the fourth successive game, put out the Browns in the final inning.

Pirates Win
Pittsburgh made it two out of three from Brooklyn when Piet's double and Comorosky's pinch single in the tenth staked the Bucs to a 6 to 5 decision over the Dodgers. A homer by Lopez with two aboard featured the Brooklyn offensive.

The Pirates open their series with the Giants today with an advantage of three full games, as New York lost to Cincinnati 3 to 1 with Bob Smith pitching for the Reds. The latter scored all their runs off the veteran George Uhle, who started his first game for the Giants. Bill Terry, New York's injured manager, who has been out with a broken wrist since April 24, got into the game as a pinch hitter and drove in his team's only run.

Chicago Cubs Win
Cincinnati advanced to fifth place, passing Brooklyn.
Chicago's crack battery, Warneke and Hartnett, personally accounted for a 5 to 2 win over the Phillies, driving in all of the Cubs' runs between them. Each hit a homer and Warneke also poked a double. Chuck Klein starred for the Phillies with two singles and his ninth homer of the season. Hartnett's homer was his eighth.

Other clubs were rained out.

Sarazen And Kirkwood Will Play Exhibition Match At Oakmont Course

(International News Service)
PITTSBURGH, May 25.—The feature event of the opening week of the district golf season, meaning the exhibition play of Gene Sarazen, world golf champion, takes place at the Pittsburgh Field club here today.

Sarazen, who holds the American and British open crowns, will pair with Joe Kirkwood, internationally known trick-shot expert, in an 18-hole match against Vincent Eldred, state open champion, and Pete O'Hara. O'Hara is one of the tri-state district's outstanding golfers and a former West Penn titleholder. His appearance here is one of dozens of stops Sarazen is making on nation-wide exhibition tour. It will be the champion's first visit here since 1927 when he finished one stroke behind Tommy Armour and Harry Cooper, who deadlocked for first place in the national open at Oakmont.

Peckinpough Claims Homely Players Best

Cleveland Indians Manager Says Homely Guys Are Left Alone By Women

Lights Of New York City Dazzle Ball Players From Country Towns

By DAVIS J. WALSH
International News Service Sports Editor

NEW YORK, May 25.—For twenty years, the man has followed baseball's eternal caravan over the big-town bookings, where human nature lies exposed like so much cadaver in a clinic.

So from the depths of an experience that has been varied and, in some cases, conclusive Roger Peckinpough speaks today to lay down two rules for success on the ball field. They may not be right. The Christian Endeavor won't like them, for they do not mention the importance of being earnest. But at least they're original, which isn't always to be confused with merit, at that. A head of cabbage in a florist's window is original. Anyhow, the following is a fair sample of Mr. Peckinpough being original:

To be successful, don't—
1. Be a New York ball player. The lights are too many.
2. Be too handsome. The girls will get you.
"New York is the graveyard of many a good ball player," he adds, darkly. "A few play over their heads when they get here. The rest are either dazzled or awed or both. It doesn't really matter. The result is the same."

Peckinpough knows
Probably Mr. Peckinpough is in a position to know about these things, owing to the fact that he isn't as successful as he'd like to be or even as much as his employers, the Cleveland Club, would like to have him. So we'll assume that he has studied with the intense interest common to people who are not very successful and, as for the other thing, if he isn't handsome, he at least has a countenance that can be described as comfortable and reassuring. I was going to add that so is an old shoe. But I won't. Mr. Peckinpough qualifies as an authority without that.

As a city man, he also is able to appreciate very deeply the problem of the country boy coming up to the big, unfeeling city for the first time.

Dazzled by Lights
"It gets them, especially here in New York," he said. "They are awed by its vastness or dazzled by its lights. Sometimes, they stay dazzled. Baseball soon forgets that kind."

As for masculine beauty—
"Give me a lad with a face that would stop a clock and no more sex appeal than you'd find in a tub of butter. The girls let that kind alone.
In other words, there's nothing to it. All you have to do is go off some place where you won't be disturbed and learn to be homey in your spare time.

All nations and men now seem willing to make a complete readjustment on terms that won't cost them anything.

William Muldoon Grand Old Man Of Boxing Handled Sullivan Like Child

(International News Service)
NEW YORK, May 25.—William Muldoon, grand old man of boxing, was swamped today with congratulatory messages on his 88th birthday. Muldoon was forced by doctors' orders to deny himself interviewers and was unable even to answer telephone calls.

The man who handled John L. Sullivan as if he were a naughty child and who has ordered kings of finance and princes of politics around as if they were office boys, was forced to rest quietly at his home in White Plains, N. Y., as he is strong enough to scamper around as was his wont until lately.

Swick Opposes New Tax Plan

Believes Income Tax Proposal Is Unfair To Great Middle Class

FOR MANUFACTURER'S SALES TAX PROJECT

By ARTHUR C. WIMER
Special Washington Correspondent
New Castle News

WASHINGTON, D. C., May 25.—Representative J. Howard Swick is flatly opposed to the tax revision plan recommended by the ways and means committee this week for the purpose of raising money with which to finance the re-employment program of President Roosevelt.

The ways and means committee recommended boosting the rates on incomes from 4 and 6 per cent to 8 and 10 per cent, applying these rates to incomes, and increasing the gasoline levy by 3-4 cent a gallon. Congressman Swick regards this plan as unfairly taxing the middle class and will vote against it. He will favor substitution of a general manufacturer's sales tax if a ballot is had on this proposal.

Congressman Swick said today he regarded the manufacturer's sales tax as the fairest, most equitable form of taxation. He complained about the heavy burden the ways and means committee would place on the "little fellow" and deplored the fact President Roosevelt had not urged the general manufacturer's sales tax.

It is generally conceded here that the program of the ways and means committee will be given congressional approval.

Loan From Morgan Merely Business Says N. H. Davis

Has No Apologies—Asked No Favors—Most Of Loan Is Repaid

(International News Service)

GENEVA, May 25.—Norman H. Davis, American ambassador-at-large and special envoy of the Hoover and Roosevelt administrations in handling disarmament and other problems abroad, admitted to International News Service this afternoon that he had borrowed money from the firm of J. P. Morgan and Company and that the loan had not been fully repaid.

Davis, here representing the general committee of the disarmament conference, was told of revelations before the senate investigation committee in Washington today which listed him among the borrowers.

"It is true," he said, "that I did borrow approximately \$50,000 from the Morgan firm two or three years ago against collateral worth many times more."

Bulls Rally Behind Rails

Allied Chemical Drop Of 5 Points Halts Market Increase

STEEL SENTIMENT BOOSTS MARKET

(International News Service)
NEW YORK, May 25.—The bulls rallied behind the rails to support the stock market today as collapse of 5 points in Allied Chemical threatened to break the list.

The ultimatum of the stock exchange to Allied that the stock would be stricken from the list unless the company detailed its accounting practices and investment portfolio was responsible for the break in the stock.

Then the rails were brought forward. Atchison was the leader, spurring more than 2 points and the whole carrier list was in heavy demand.

The market turned around under this leadership and many of the earlier losses were wiped out. Allied, Steel common, Du Pont, American Telephone and a number of other leaders ruled lower, however.

The optimism expressed by the leaders of the steel industry at the annual meeting of the American Steel and Iron Institute supported speculative sentiment.

Wheat and corn led the reaction in commodities, losing more than a cent a bushel each. Bonds were strong while the dollar was quiet.

Tobacco stocks were strong again following yesterday's uprush. Oils and coppers were sluggish while utilities were firm in the face of the opening of the rate investigation here tomorrow. Motors met heavy profit-taking with Auburn a weak spot.

Board Passes On Budget And Sets Millage For Year

No Reduction In Millage For Next Year; Is Set At 20 Mills

Committee From Tax Payers League Praises School Board For Reductions

ELLWOOD CITY, May 25.—Ellwood City Board of Education passed on their budget and set the millage at 20 mills, the same as last year at an adjourned meeting in the Lincoln building last night.

A committee from the Tax Payers League composed of C. A. Adams, C. H. Blank and D. A. Evans were present to urge the board to reduce the millage by one mill. The committee after being shown figures and facts by Superintendent of school V. R. DeLong and Secretary G. Blaine Hancher admitted that an 18 or 19 mill rate was not sufficient to see the board through for next year. The committee based its arguments on the hopes of improved times and that money could be borrowed from the state.

J. A. Evans, a member of the board was desirous of making the levy 18 mills, placing his hopes also on the ability of the board to borrow money and some funds due from outlying districts from tuition which they will soon be able to pay if the governor signs a certain bill now up before. He is said to have verbally agreed to sign the bill.

H. M. Cresswell, chairman of the Finance Committee, favored a millage of 22 mills which is sufficient to bring the board even at the end of the next school term. When the matter was brought up for a vote Directors Evans and J. A. Mayne opposed the 20 mill levy but favored a reduction of 2 to 1 mill. The remaining five directors voted for it.

The board upon approval of the bidders will sell two portable school buildings to the local boy scouts which will be purchased for them by J. A. and D. A. Evans of this city.

The show was replete with singing, music, jokes and wise cracking which kept the juvenile audience roaring with laughter throughout. The show was in the form of a cabaret style with the end men acting as waiters. It is a trend away from the semi-circle. The production had a complete American Legion cast. Coast Judge Is Given Acquittal

U. S. District Court Judge
Louderback Of Northern
California Acquitted

IMPEACHMENT PLANS BY ENEMIES FAIL

(International News Service)
WASHINGTON, May 25.—Acquitted on five house impeachment charges, United States District Judge Harold Louderback of the northern California district today sought a much-needed rest after the ordeal of a senate trial lasting nine days.

"I am very happy," the judge declared. "I feel the senate's verdict was a complete vindication. I shall resume my duties on the bench as soon as I have rested."

During the balloting on the impeachment charges, Louderback kept track of the vote cast by each senator, jotting down the "guilty" and "not guilty" pronouncements on an official senate tally sheet.

One of his first acts after being acquitted was to thank Senator Ashurst (D) of Arizona, chairman of the senate judiciary committee, for the senate's fairness during the trial.

All of the charges against Louderback dealt with receivership cases. The house managers sought to prove that the judge operated a receivership "racket," appointing personal and political friends as receivers and attorneys and approving excessive fees.

Former Local Man Involved In Relief Argument

A. W. Grotefend, Relief Board Head, Is Assailed By Unemployed

A. W. Grotefend, former New Castle man, is the storm center of a relief distribution controversy in the Allegheny valley in Westmoreland county.

Grotefend, who is located in Vandegrift, has been a member of the relief board of the state, in charge of distributing aid to the unemployed. On Monday, citizens who had been getting relief, refused to sign applications for assistance under the emergency relief bill passed up, and are continuing rebellious in their attitude, charging Grotefend with irregularities.

The leader of the insurgent group, charged that if they do not receive relief after June 1, they are going to Greensburg, the county seat.

County Commissioner Elliott J. Hibbs, of Greensburg, pointed out to the unemployed group that the demand of \$300,000 from the poor boxed of the county, would double and work an injury on the small home owner, who needs relief most.

Large Crowd Hears Westminster Girls

College Glee Club Sings In Emmanuel Baptist Church Wednesday

Despite the inclement weather, the auditorium of the Emmanuel Baptist church was filled Wednesday night to hear the Westminster Girls Glee club, and those present felt well repaid for braving the elements.

Not in some time has a musical organization pleased an audience in the Emmanuel church as much as did the Westminster girls. The concert had a local touch, also, inasmuch as the directress, Miss Florence Thomas is a product of the Emmanuel Baptist church. Miss Isabel McGregor accompanied the chorus.

The program presented was a varied one, including a number of light glees, and other choruses of a more pretentious nature. At the conclusion of the concert the directress was presented with several bouquets in appreciation of her work.

Police Are Investigating Threatening Letters Received By Girl Flier

(International News Service)

The author of the missives uses only three crosses as his signature. She refused to discuss the last of the anonymous threats reported received several days ago.

Postoffice authorities and county detectives are investigating.

Some News, Some Views, But Mostly Just Observations Of Interesting Things Around New Castle

In a thousand schools in the coming week, the cap and gown will be taken out of moth balls and pressed into service again. Young men and women having completed their Business English and Caesar's Commentaries are now being pushed out on the limb of commencement, there to make up their own minds whether they fly over to the tree of higher education or drop down to ground of reality and begin picking out a living.

At the time they happen, commencement activities seem to be the most important things in life and perhaps they are. It's been so long since some of us walked sedately down an aisle garbed in a mortar board and gown that the memory of it keeps getting dimmer.

Several minor incidents still stand out however. One is that pair of new button shoes that seemed to have stopped all circulation and the other is a loan of twenty cents advanced to a class mate. And he never did pay it back.

Seems as though the East Side was given a little special consideration by the elements Wednesday afternoon. With the driving rain that came along was a lot of hail that beat a tattoo on windows and forced over a lot of high growing flowers. Not anything like the hail they get out East Brook way, but large enough to cause some trouble.

In a card to a friend here, one of the New Castle lads now in a forestry camp enthuses about the life, the food and the treatment. And this in spite of the fact that they have to get up at 5:45 in the morning. Kitchen police is done in alphabetic order which is a break for the youngster named Younkens or Zeigler.

With the vacation weather around the corner (on a short street) the agitation to make McConnell's Mills a state park has been started again. Between now and the next session of the General Assembly it is hoped to get some action towards having this beauty spot turned over to the state for perpetual enjoyments of Pennsylvanians.

The money needed to purchase the property is ridiculously small. A few years ago it could have been raised between lunch and dinner, with some time left over for working a garden. In the past two years the matter has been quiescent because of the times, but if the sun is really going to shine, the friends of McConnell's Mills want to make some hay while it is shining.

There are few spots in the state as wildly beautiful as this portion of the Slippery Rock Valley. At some time in the centuries past Dame Nature got playful and tossed down a handful or two of pebbles weighing forty or fifty tons each. The spot is the mecca for Western Pennsylvanians and in order to insure its beauty being kept as it is, many people believe it should be made a state park.

Some tot had a lot of nerve on edge in Mercer street early today. The youngster's dad had brought it down town and then had to leave for a few minutes to get some groceries. While he was gone, the youngster entertained with a horn solo that was more of a recitative than a melody.

Guard Illinois Home As Kidnap Fails In Attempt

Man Takes Child From Bed During Night, But Is Frightened Away

(International News Service)
JOLIET, Ill., May 25.—Police guarded the home of Clyde G. Calkins today following an attempt to kidnap his 4-year-old daughter, Shirley Mae, whose life has been threatened in mysterious blood-smeared notes.

Calkins was awakened by his wife's screams and found Shirley Mae lying on the floor, he told police. The girl said a man had started to carry her away during the night when her mother's screams startled him and he ran.

Mrs. Calkins received three notes last week threatening her daughter's life unless larceny charges against a former maid, Hilda Demming, were dropped. Miss Demming denied any knowledge of the notes.

Break Into Home And Take Charge

Warfield Evans and Charles Stewart, both white, were arrested last evening at the home of John Fisher Roberts, negro, 109 Preston avenue, when they refused the owner permission to get into his home. According to the police records, these two men, during the absence

of Mrs. Roberts, who is in a local hospital for treatment of a wound said to have been inflicted by her husband, broke into the Roberts home and took possession.

When the husband, who fled following the cutting, returned home last night and tried to get in, he was refused admission and called the police. The two white men had a fair supply of moonshine on hand when arrested.

They were discharged with a warning by the mayor this morning.

Roberts, who was also arrested on a warrant issued by Alderman Richard Lewis, in which his wife charged him with felonious assault and battery, was turned over to Alderman Lewis this morning.
